RENEWED TESTIMONY

No one in Morrisville who suffers backache, headache, or distressing urinary ills can afford to ignore this Morrisville woman's two-fold story. It is confirmed testimony that no Morrisville resident can doubt.

Mrs. Anna Bassett, High St., Morrisville, says: "I suffered for a long time from rheumatic trouble in my knees. The pains were so acute it almost made it impossible to get about. I had backache and kidney disorder, too. I felt tired and run down. I knew a friend who had been helped by using Doan's Kidney Pills, so I got some at Cheney's Drug Store and began using them. After taking Doan's I was entirely free from all the trouble."

AFTER SEVERAL YEARS Mrs. Bassett said: "I have not needed Doan's Kidney Pills for some years, as the cure they gave me has been a permanent one."

"Vermont, Freedom and Unity"

Mrs. Lloyd C. Robinson is one of eight ladies from the state who are representing the Vermont Department of the American Legion Auxiliary at New Orleans, La., this week.

Mrs. Robinson was in charge of the decorations for the Vermont table at the "States' Dinner," held there on Monday night. She took with her as decoration for that occasion a small spruce tree, a miniature cow, three tiny sheaves of wheat, and the scroll, "Vermont, Freedom and Unity," all of which, when properly assembled, made a realistic replica of the Vermont State Seal.

Mrs. Robinson left here Thursday morning, expecting to meet the other ladies between Burlington and the southern part of the state, all of whom would travel in a Pullman attached to the baggage car occupied by the American Legion representatives from Vermont.

Word has been received that the entire Vermont delegation was presented to President Harding on Friday during a short stop-over in Washington.

Mrs. Robinson expects to visit her sister, Mrs. Ralph E. Goodwin, in Weehawken on the way home, arriving here sometime the latter part of next week.

Your Very Best Wealth

ONE DAY SOME MEN were talking about the good and the bad investments they had made. They all agreed that it was not so easy to make the best use of one's money—that mistakes are easy to make.

One of the men said:

"The best part of my wealth is not an investment at all. My farm and my Liberty Bonds are all right—I am glad I have them, but those are fixed investments and the profit from them is best when I hold on to them.

"The very best part of my wealth is that part which will serve me quickest and in the largest variety of ways. The money I have in the bank is my Very Best Wealth because it is always ready to answer my call no matter what I want to do.

Let's Be Honest With Ourselves

THERE'S NOT A man, woman or child residing in the first Congressional district of Vermont who does not know that the Volstead Act is being daily and hourly violated all over the State.

In every issue of the press there is recorded hold-ups and confiscations of liquors brought across the border in great quantities. There is also recorded the discovery of stills, the apprehension of the distillers, their trials and convictions. The jails are filled or are rapidly filling with Volstead law violators.

The hospitals have had and will continue to have "Hooch"-poisoned patients. Death has resulted in several cases—death is sure to occur in other cases.

Sad, but true, students, youth, male and female, auto into neighboring towns to attend dances with flasks of Canadian liquor or "hooch" concealed on their persons.

How long, I ask, are we, American citizens, to countenance such procedure and such a condition?

We are growing less temperate daily under this Volstead Act.

WE CAN

It is within our power to effect a change for the better. When we send to Congress men who believe in REAL temperance, then we will so modify and humanize the Volstead Act that the American nation will return to a respect for law and to all law enforcement.

There can be no real enforcement of the Volstead Law. The great majority of American people do not believe in it—have no respect for it.

Let us return to a sane and normal condition. Elect a Congress pledged to a modification of this Act that has made us a nation of law violators.

I ask for your vote on Tuesday, November 7.
